

6.1 - Introduction to Acids and Bases - Worksheet

1. Write the balanced ionization or dissociation reaction for the following acids and bases. Don't worry about the states of the **reactants**.
 - a. Nitric acid
 - b. Chloric acid
 - c. Acetic acid
 - d. Lithium hydroxide
 - e. Sulfurous acid
2. Name each of the following acids.
 - a. H_3PO_4
 - b. H_3BO_3
 - c. HI
 - d. CH_3COOH
 - e. HF
