

Personalized Pathways

Step 1 Readiness Assessment

Teacher gathers information about the student that may include:

- Baseline Assessments
- Goals related to social, emotional, and academic
- Learner Profile
- Age of learner and academic level
- Student information; C.U.M.E, CLEVR
- Parental and Student Input and work habits

Step 2 Educational Plan

Meet with the appropriate team members. These can include:

- Course Instructor
- Course Counselor
- Parent and Student
- Administration
- Student Support

Step 3 Go Time

Student works on the educational plan that was created for/by the student. During this time:

- A lead teacher is assigned to keep student on track
- Lead teacher communicates regularly with student and family
- Lead teacher coordinates assessment & evaluation of the student
