

A-1 Self-Evaluation: Reading Aloud

When you read aloud, do you:

- ☐ Get to know the text well, if you have the opportunity?
- ☐ Read with expression, especially dialogue?
- ☐ Vary the pace of your reading, when appropriate?
- ☐ Vary the volume of your voice, if it makes sense in some parts of the text?

How would you like to improve your skills at reading aloud?

Choose one item from the list above, and make it your goal to improve that skill or technique. What ideas do you have for reaching this goal? Try to be as specific as possible.
