

Virtual Reality Expeditions with an Agriculture Aspect

Bring your lessons to life with Expeditions

Introduce your students to a new way of learning with virtual reality (VR) and augmented reality (AR). Download the Expeditions app to get started.

1. Go to the Google Expeditions main page and scroll down to click on the indicated link in the picture below:
2. You can read the descriptions for the recommended experiences that would address agricultural topics by opening the database of over 900 VR Expeditions.

VIRTUAL REALITY

Take your students on virtual field trips

If you could take your students anywhere in the world--where would you take them? From Mount Everest to the Louvre, there are over 900 VR Expeditions in the Expeditions app for you and your class to explore.

What you need to experience VR:

Expeditions app

Mobile device or Chrome OS

Optional: Cardboard or Daydream viewer

3. The titles that I would recommend for teachers who wish to incorporate agriculture into curricula are the following:
 - a. Chatsworth- Farm to Table
 - b. Visiting a Farm/Rural Area
 - c. Agriculture and Equine
 - d. Farming in Tanzania
 - e. Life of a Strawberry Starting at Alba's Farm
4. Request the VR kits from Doug or Terry for use in your classroom.
5. Enjoy!
