

Foundational Facts Strategy Play List

*This does not need to be linear – just have a plan and include strategy!

Addition

- First teach 0, 1, 2 (foundational basics starting point)
- Next doubles, combos of 10 and 10 + __ (foundational set based on first basic facts)
- Then near doubles, making 20, pretend a 10 (reasoning strategies based on the first two sets)
- Move to "trickier" facts

Multiplication

- First teach 2, 10, 5
- Next 1s, 0s, squares
- Then 4, 6, 8 (doubling)
- Then 3 (adding a group), 6 this way too
- Then 9 (subtracting a group) 9 this way too
- Then 7, 8 (break apart) and others
- Then Near Squares

Squares - (if you draw it, it makes a square....that is why they are called perfect squares)
