

Synthesizing

Synthesizing Strategies

When I synthesize, I am able to

- Combine ideas
- Create original insights, perspectives and understandings
- To piece together information in new ways
- Use my own words to share information
- Combine new ideas with ideas of your own
- Change my thinking based on new information

Effective Synthesizers Ask

- What have I learned?
- What new ideas do I have?
- How does the information influence what I already know?
- What personal connections do I have from new information?
- How can I combine information from more than one source in a meaningful way?
- How do I think when presented new information?
- What use is made of language, image and/or symbol?
