

Student Career News

CAREER DEVELOPMENT ROADS TO SUCCESS

CELEBRATING OUR JOURNEY

Timely Career Updates

Current Grade 12 Students (Class of 2022) and Future Grade 12 Students (Class of 2023):

The information shared in this newsletter and our [Facebook Page](#) will support your continued investigations.

Grade 12 Reminders:

Correspondence: For students who have applied for post-secondary institutions for the Fall of 2022, please keep checking your emails or post-secondary accounts for updates regarding admissions, course registration, etc.

Transcripts: As always, your official high school transcripts must be ordered through the [Government of Saskatchewan](#). If you require assistance with ordering transcripts for post-secondary purposes or even for yourself, reach out to your Career Counsellor.

Local Scholarships: All of our school communities are different, but Grade 12's will have access to various 'local' scholarship opportunities. Inquire with your Career Counsellor for details. Thank you to our local and area businesses for making these generous scholarship opportunities available for students.

Student Loans: Student loans can greatly assist young people when it comes to financing their post-secondary education. As far as we understand, application forms for the 2022-2023 school year are available online in June. Apply ASAP if you are interested in a student loan.

For more information on these opportunities and support with the life/career planning process, please contact your school's Career Counsellor.

Grade 12 Timeline

June

- Update your myBlueprint Grad Plan Portfolio with any current skills, update your resume, add any certifications or showcases, reflect on your learnings, share your portfolio with your Career Counsellor and a trusted adult, etc.
- **Grade 12's may change email information in myBlueprint as prompted by the system in order to continue utilizing the resource after graduation. (We have had several students appreciate access to their resumes and planning after high school!)**
- If planning a Gap Year, prepare next steps.
- If planning to work, prepare next steps.
- If attending post-secondary institutions, you may need to request official transcripts to be sent after June exams. For this form, go to: <https://www.k12.gov.sk.ca/etranscript/>
- Student loan applications available on-line at: <https://www.saskatchewan.ca/residents/education-and-learning/student-loans>
- For those planning for post-secondary studies, watch email and student accounts for updates regarding registration, orientation days, etc.

Summer

- Deadline for all University of Regina programs (excluding Indigenous Education, Visual Arts and Nursing) – Aug. 1st
- U of Saskatchewan Arts/Sciences deadline – August 15th
- Ministry of Education transcripts are due to all post-secondary institutions
- For those planning for post-secondary studies, watch email and student accounts for updates regarding registration, orientation days, etc. As well, explore the details of your post-secondary life such as need for parking passes, bus passes, extra-curricular programs, etc.

“A goal without a plan is just a wish.”
– Antoine de Saint - Exupery

Career Development Celebrations and Showcases!

Recognizing Work-based Learning Partners

Thank you! Thank you to our incredible work-based learning partners who support students with real-world experiential learning opportunities in a variety of courses such as Career and Work Exploration, Mechanics, Construction, Autobody, Welding, Parts Management, Agriculture Equipment Technician, Apprenticeship, etc. This is a significant investment of time and training yet a meaningful experience for students. We are grateful to all local and area businesses who willingly create these opportunities for our young people. Your support helps provide students with the skills and knowledge needed to make informed decisions about their preferred futures. Much appreciated. We are thrilled to share that a number of students have gained casual, summer, etc. employment opportunities based on their work placement experiences. This positively impacts students, local employers, and our communities.

Work-based Learning Partner Spotlight

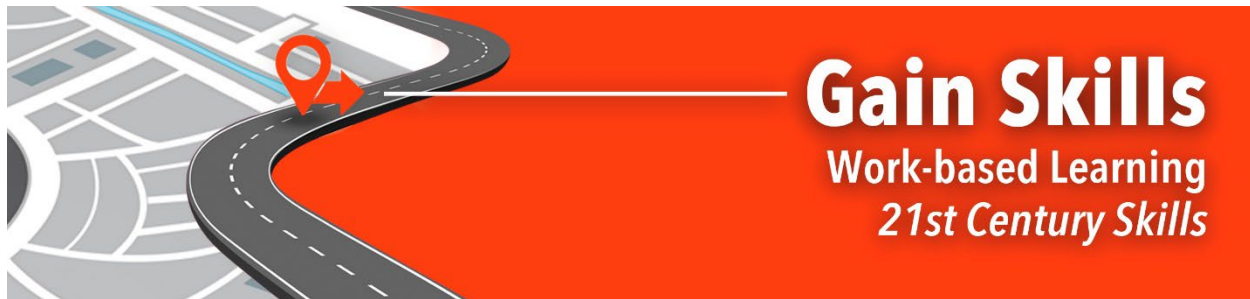

Work-based learning placements would not be possible without the cooperation of many business partners in Sun West and the surrounding area. One such business is Weese Electric Ltd. in Plenty. This is a family business that has been thriving for 41 years and for at least the past 12 years, they have been taking students for work placements. They generally take between two and five students each school year.

They provide experience in the millwright, welding, electrical and instrumentation trades, as well as accounting and business office occupations. Owner, Colin Weese said: "When I was in school, we were the first group to start work experience. It is a good program because it opens kids' eyes, to see if they want to get into it."

In addition to non-paid placement experiences, they also employ many high school students and get them started on the road to apprenticeship. Work-based learning experiences at Weese Electric expose students to different trades, allow them to understand how multiple trades can function as part of one business and also provide some sense of what it is like to run a business.

Showcasing Work-based Learning Students

We are highlighting only a few students but their successes are representative of students accomplishments throughout our division.

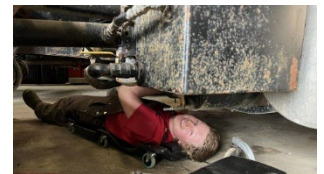

Kenaston School/ DLC Student

Jaxon completed two work placement classes this year. He was placed at Saskatoon Truck Parts. He is now employed, and his employer is planning on paying for his post-secondary education. He was also nominated for the SYA scholarship. He had a very successful grade 12 year.

Loreburn School

Jake completed AET 20 and Mechanics A20 courses. He enjoys mechanics and was able to finish the course work and work placement two months early. He had a very successful work placement where they said "He is the most respectful, ambitious, hard-working student they have ever had."

Derek completed his CWEX A30 work placement with Mr. Skoropad, the MLA of Arm River. This was a very unique work placement but was beyond successful. Derek had the privilege of going to the Legislature to watch session and be part of the meetings. A quote from Derek, "This experience has opened me up to many great opportunities, I am very honored to have had this experience through CWEX. I look forward to the many opportunities that will come in the near future."

Davidson School

Farrah, a Grade 10 student, completed her work placement with the Sun West Coordinator of Communications and Marketing. Farrah wants to pursue a career in communications and had the opportunity to produce her own podcast. She was responsible for branding, interviewing, editing, booking interviews and everything else involved. She called the podcast "The Sunny Side" and completed two episodes that focus on student leadership.

Saskatchewan Youth Apprenticeship Program (SYA)

Each year, our Career Development Teachers in consult with Principals can nominate a Grade 12 Student for the Saskatchewan Youth Apprenticeship Scholarship. Congratulations to our many deserving Sun West Students who will be receiving a \$1,000 scholarship at their

Graduation Ceremony or Awards Night for successful completion of the Saskatchewan Youth Apprenticeship Program and plan to pursue a career in the skilled trades. (If you want to learn more about benefits of SYA, please connect with your Career Counsellor).

Scholarship Award Recipients

Congratulations to all of our graduates who made time and put effort into apply for local, provincial, and national scholarship opportunities. Well deserved! Thanks also to all businesses and organizations who fund these scholarship opportunities.

Career Development and Cross Curricular Connections

Grades 9 – 12 students spend time each year developing their Grad and Post Graduation Plans using myBlueprint. This year, one of our Career Development Teachers took time to connect many of the Grade 12 grad plan pieces to her ELA B10 class. What a wonderful way to explore “The World Around and Within Us”!.

**ELA B 10: THE WORLD
AROUND AND WITHIN US UNIT**
Career Guidance Focus

Career Education 9 Students Obtain World Record

Grade 9 Career Education students at Outlook High School created a community activity in which they broke the record for the largest game of Four Corners ever played. Read the article to [learn more](https://bit.ly/3LAj83K) about their idea and how it connected to their learning.

Celebrating Chatterhigh and ROADS TO SUCCESS Career Fair

Interested students from across Sun West School Division participated in the SK Most Informed Student Competition (in partnership between Chatterhigh and Skills Canada/Saskatchewan) as a lead up to our career fair. This was a fantastic way to explore life/career related information, spark career conversations, and generate excitement leading up to the ROADS TO SUCCESS Career Fair which took place on April 29th.

Congratulations to our “Most Informed” Schools and Students and thank you to our Career Development Teachers for coordinating this opportunity.

Chatterhigh Celebrations SK Most Informed School Competition Sun West Results

AAA leaderboard – for large schools:

1st place - **Kindersley Composite** (\$400 won) - Thanks to help from Career Counsellor Ms. Marchant and supporting teachers Ms. Glencross, Ms. Ross and Mrs. Padberg.

4th place – **Sun West Distance Learning Centre** (\$100 won)

AA leaderboard – for mid-sized schools:

1st place - **Outlook High School** (\$350 won) thanks to support from Career Counsellor Mrs. Tulp.

4th place - **Biggar Central School 2000** (\$50 won). Thanks to Ms.Chupik and Mr. Hadden.

A leaderboard – for small schools:

2nd place - **North West Central School** (\$100 won). We appreciate the support of Career Teacher Mrs. Ross.

3rd place - **Elrose Composite School** (\$50 won). Thanks, again, Mrs. Ross.

ROADS TO SUCCESS Career Fair
For all Sun West Grades 10, 11, and 12 Students
April 29th, 2022 - Virtual

Sun West School Division recently hosted our large-scale ROADS TO SUCCESS Career Fair for all Grade 10-12 students. This life/career exploration opportunity is possible through the support of many. We are extremely grateful for all who contributed to the success of the event. Our Career Fair Team (including Sun West Student Leaders and Career Development Teachers) extends a big thank you to everyone who made the ROADS TO SUCCESS Career Fair 2022 possible.

We value our Board of Education for their belief in the importance of providing career exploration opportunities for students. To our Sun West Grade 10-12 students, thank you for attending this event. We hope this was a meaningful experience as you progress with your life/career planning. To all staff members who coordinated details in our schools, thank you for your assistance.

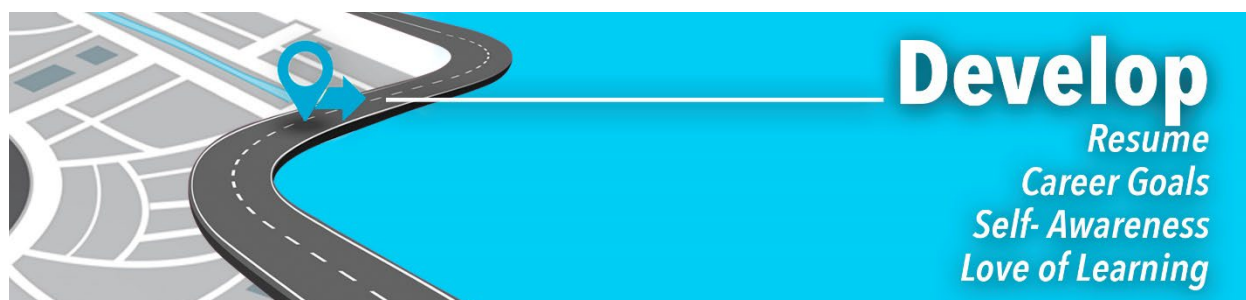

Thank you to RBC Future Launch for sponsoring our opening keynote. We appreciate RBC Olympian and Kindersley Kobra alumni, Kayden Johnson, for being our opening keynote speaker. He inspired us with his message of how, with the right mindset, embracing moments that build resilience and nurturing the fire within us can open a world of possibilities.

A huge shoutout to the Saskatchewan Universities and Technical Institute Liaison (SUTIL) representatives for hosting various post-secondary breakout-sessions. Students were able to choose from a variety of SUTIL information sessions including University of Regina, University of Saskatchewan, Sask. Apprenticeship & Trades Certification Commission, Great Plains College, Canadian Forces, Lakeland College, Saskatchewan PolyTechnic, Briercrest College, and University of Calgary. The presentations provided students ideas of programs they were not aware of as well as inform them about opportunities and campus life.

The afternoon was filled with multiple breakout sessions about networking, using youtube to help with career decision making, conducting a job search, funding your education, preparing for gap years, exploring Sun West DLC options, learning tips from past grads, as well as various hands-on skills sessions. Thank you to all session presenters for lending your time and expertise.

Our closing keynote speaker was Tornado Hunter, Ricky Forbes. Ricky customized his presentation for our ROADS TO SUCCESS Career Fair as he was in Kansas chasing after a tornado. Our presentation was even mentioned in an episode of his youtube channel Tornado Hunter videos!

In hosting our ROADS TO SUCCESS Career Fair virtually this year, we hit a few bumps in the road. We had to navigate these roadblocks and learned a lot during the process. We thank everyone for your patience and participation and hope the detours did not significantly impact your journey. We hope to host our ROADS TO SUCCESS Career Fair in-person in 2024!

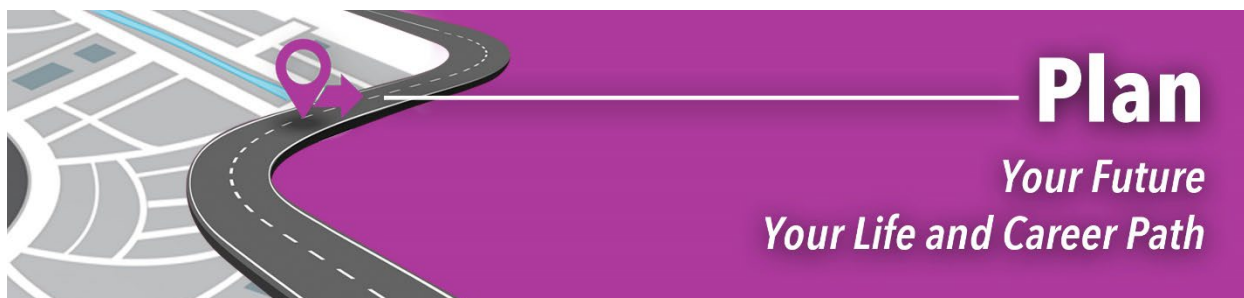

Career Education 9: All Grade 9 students are developing a Graduation and Post-Graduation plan using myBlueprint. Students utilize the tool to learn more about their learning styles, understand personality types, set life/career goals, investigate occupations, etc. Parents are key influencers in the life/career decisions of youth and can gain access to this resources. Just ask your child and/or your Career Development Teacher.

Grade 10 Students: Grade 10 students continue to progress with life/career investigations utilizing myBlueprint planning program as an ePortfolio tool. They will be revisiting inventories, reflecting and updating goals, and continuing to investigate various options as part of their Grad and Post-Graduation Plan. These investigations along with career conversations with the school's Career Counsellor, can help students explore possibilities such as high school courses, post-secondary studies, gap year possibilities, travel options, leadership opportunities, etc.

Grade 11 Students: Grade 11 students completed the CAPS/COPS/COPES career assessment inventories to help them further explore their interests, values, and skills then examine how their personalized strengths and interests align with various occupations. This is another career planning tool our school division provides in support of life/career explorations. Grade 11's may also want to consider attending post-secondary information sessions open to high school students to help make decisions about future possibilities.

Grade 12 Students: Please continue to research and make informed life/career decisions for the next steps upon graduation. Please make updates to your Grad and Post Grad Plan on myBlueprint. Many past grads have reached out to us after high school mentioning how much they appreciate the portfolio building in myBlueprint – especially following graduation. You will still have access to myBlueprint following graduation if you update your email address. Please do so BEFORE the end of June. Scholarship opportunities still exist! See information in the scholarship section of this newsletter. If students have applied for post-secondary institutions, a transcript request may have to be sent.

On Track to Graduate?

It is important for Grade 9 through 12 students and families to be aware of graduation requirements. It is a great time to take a close look at where you are in relation to high school course planning and plans for life after high school. It is important to be aware of interests, skills, future goals, etc. in addition to becoming familiar with current Saskatchewan Graduation requirements and pre-requisite learning if planning to pursue post-secondary studies. Below is information for Saskatchewan Graduation (regular Program).

[Saskatchewan High School Credit Options Document](#)

Credit Requirements for grades 10, 11, and 12

Regular Program—24 Credit Policy

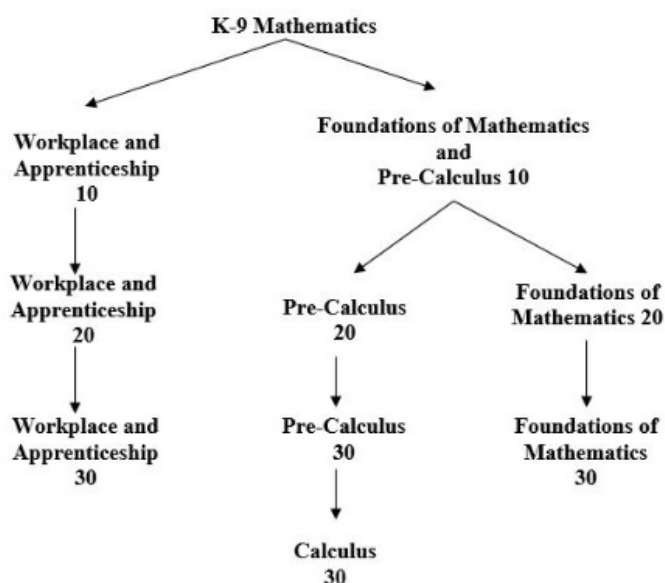

Grade 10	Grade 11	Grade 12
minimum 8 credits	minimum 16 credits	minimum 24 credits (5 of which must be at the 30 Level)
Compulsory Courses:	Compulsory Courses:	Compulsory Courses:
English Language Arts A 10 and English Language Arts B 10;	English Language Arts 20;	English Language Arts A 30 and English Language Arts B 30;
Social Studies 10, History 10 or Native Studies 10;	a mathematics at the 20 level;	Social Studies 30: Canadian Studies, History 30: Canadian Studies or Native Studies 30: Canadian Studies;
Science 10;		
a mathematics at the 10 Level;		a science at level 20 or 30 *
		a social science at level 20 or 30
3 electives at Level 10, 20 or 30		6 additional elective credits at level 20 or 30
		2 credits in arts education or practical and applied arts at level 10, 20 or 30
		Wellness 10, Physical Education 20 or Physical Education 30

Note:

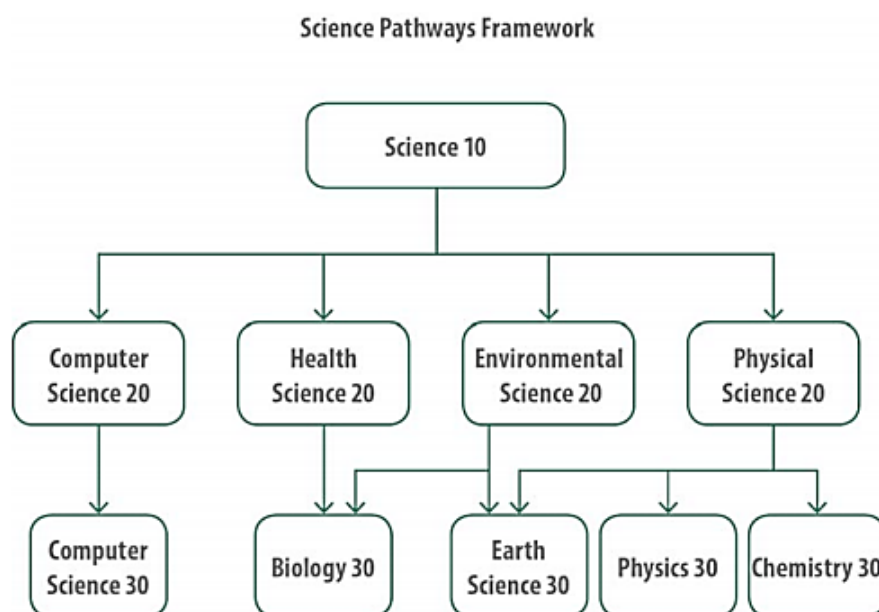

- One credit is equivalent to 100 credit hours; a 100 credit hour course should be allocated between 95 and 100 hours of instructional time.
 - Section 19 of [The Education Regulations, 2019](#), definition of Instructional time is:
 - Instructional time is any time in which pupils of a school are in attendance and under teacher supervision for the purpose of receiving instruction in an educational program, including work-experience programs, parent-teacher-pupil conferences, examinations, and other learning activities provided by the board of education or conseil scolaire.
- Modified courses (11, 21, 31 and 10 A, 20 A, 30 A) can be used to fulfill requirements in the required courses of study, specified areas of study and electives.
- Locally developed courses (designated with an L) may be used to meet elective requirements only.
- Graduation requirements are minimum requirements for Grade 12 standing. Students may choose to exceed these requirements.
- This credit requirement change came into effect for students graduating in the year 2000.
- *Science 20 or 30 prerequisites must be met unless the student is an adult by definition of [The Education Regulations, 2019](#).

Planning for high school courses begins early. By Grade 9, students need to be seriously thinking about their choices. When mapping out high school courses, students must consider post-secondary interests and requirements and how they may impact choices while in high school. The Math and Science Pathways are worth investigating when planning forward.

Math Pathways Chart:

Science Pathways Chart:

TRANSCRIPT REQUESTS

Online Request for High School and Adult 12 Transcripts

Transcript Requests: For any students applying for post-secondary institutions, you may need to send a transcript that indicates the subjects you have taken. Most institutions will require you to request transcripts from the Ministry of Education. There is a non-refundable search and process fee involved. Students can select up to 5 requests (including sending to self) for this fee. Students will require personal information, Saskatchewan Learning ID (if known), valid credit card and card holder information if paying online, valid email address, etc. before beginning the process. Depending on what the post-secondary institution requires, students may select various options. Each time a “What is your situation” selection is made, click on “Add to Cart” button to make another selection. Note: “After January Exams 2022” and “After June Exams 2022” are commonly requested.

SIEC

If you missed any of [SIEC’s Career Spotlights](#), take time this summer to view the recordings and information. October – Health Care; November – Manufacturing and Mining; December – Tech; January – Business and Finance; February – Public Services; March – S.T.E.A.M; April – Skilled Trades; May – Mental Health and Wellness.

RDIEC

RDIEC continues to host live Career Spotlights. Students and parents are encouraged to check them out. Students and parents can take advantage of these amazing life/career investigation opportunities! Live sessions are the best, but the spotlights are preserved on the [RDIEC YouTube Channel](#).

Occupation Spotlight

Seeking a Summer Job?

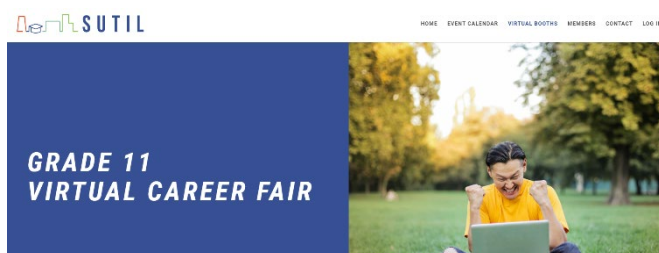

You may wish to begin seeking part-time/summer, etc. employment. Job search sites such as [Workopolis](#), [Indeed](#), [Sask Jobs](#), [myBlueprint](#) may be useful as you research opportunities.

This is also a good time to revisit and update your resume and Grad and Post Graduation Plan Portfolio on myBlueprint.

News

- A. **[Sun West Resource Bank](#)**: Current issues of this newsletter can be found on our Sun West Resource Bank by searching “Student Career News”. The information shared in this newsletter on our **[Facebook Page](#)** will support your continued investigations.

- B. Saskatchewan Universities and Technical Institute Liaison (SUTIL) hosted a Virtual Career Fair for Grade 11 Students from across our province. The virtual booths remain accessible to the public for a period of time at **<https://www.sutil.ca/virtual-post-secondary-career-fair/>**

- C. **Interested in health care post-graduation?** You may want to work as a Continuing Care Assistant. There is now an opportunity to work as a conditional CCA. Casual, Part Time, and Full Time opportunities exist while going to school for any type of health care profession. Students can work evenings, weekends, or holidays. Successful applications do the job of a qualified CCA and get paid at \$23.17/hour. Student become fully qualified, so conditions removed, when they obtain their CCA Certificate, first year of LPN education, or 2nd year of RN education. So, for RN students, as an example, they can work as a CCA the entire time they go to school, until they received their grad nurse license and then they would switch to that classification. Anyone interested should reach out to Haylee Bevan at **Haylee.Bevan@saskhealthauthority.ca**. (See image on page 28)

- D. **[RCMP Career Presentations](#)**: If interested in a career as a police officer, community constable or telecommunications operator? Find out more at an upcoming session. **[Register](#)** in advance.

June 14th – Coffee Talk with an RCMP Recruiter – Virtual, 12:00PM

[Click Here for Application Requirements](#).

Attend an RCMP “Spend a Day with a Recruiter” Event as a step towards becoming a member. Apply by June 20th for recruitment days open to Grade 10, 11, and 12 students. They will be offered during July in Regina, Saskatoon, and Prince Albert. **[Register Here!](#)**

- E. **[Shockproofing for Future Skills](#)**: SaskPoly added 3 new free tuition opportunities. See the following link and poster on page 29.

Warehouse Worker – this course is **Online** with a start date of June 6th for 8 weeks. The program head is prepared to make this program accessible to current high school students. Deadlines and time commitment for this course will consider high school students June class obligations and finals. <https://saskpolytech.ca/programs-and-courses/programs/Warehouse-Worker.aspx>

Agricultural Machinery Technician – Saskatoon Campus start date Aug 22nd for 35 weeks <https://saskpolytech.ca/programs-and-courses/programs/Agricultural-Equipment-Technician.aspx>

Parts Management Technician – Online start date Aug 29th for 32 weeks. <https://saskpolytech.ca/programs-and-courses/programs/Parts-Management-Technician.aspx>

- F. **[Communicating for Agriculture Education Program](#)** This may be worth investigating if interested in gaining global agriculture work experience.

- G. **Unsure of what to do following Grade 12?** You are not alone. [The Canadian Gap Year Association](#) provides a variety of options for a gap year following high school. Check out [programming options](#).

CanGap hosts a number of different webinars for students, parents, teachers, etc. on a variety of topics. On June 16th, they will host a session called, [“Gap Years 101: A path for neurodivergent students”](#). This is an opportunity to explore whether or not a gap year is right for your child. Register in advance.

Gap Years 101: A path for neurodivergent students

Come explore if a gap year is right for you or your teen and how it can better prepare students for post-secondary education.

Thursday, June 16

5:30PM PST/8:30PM EST

- H. **Learn to Speak French.** [Explore](#) is a 5 week intensive language-learning program for Grade 11 and 12 students. Participants will receive a bursary and have the opportunity to experience the language in another region of Canada.
- I. **[RBC Upskill](#):** Are you a student, recent grad, or someone with some work experience but need help navigating your next step? [RBC Upskill](#) is a free and intelligent career tool that gets to know you, your career-relevant skills, education, interests and work experience so it can help you discover, prepare for, and get closer to the job you really want.
- J. **[Neil Squire Society](#)** – is an non-profit organization that offers programs to assist individuals with disabilities in becoming job-ready, finding employment, etc. Clients must be 15 years of age and have a self-disclosed disability. (205) 781-6023.

Scholarships

We are heading into the end of the school year yet scholarship opportunities still exist! Do some research and apply!

Scholarship Resources:

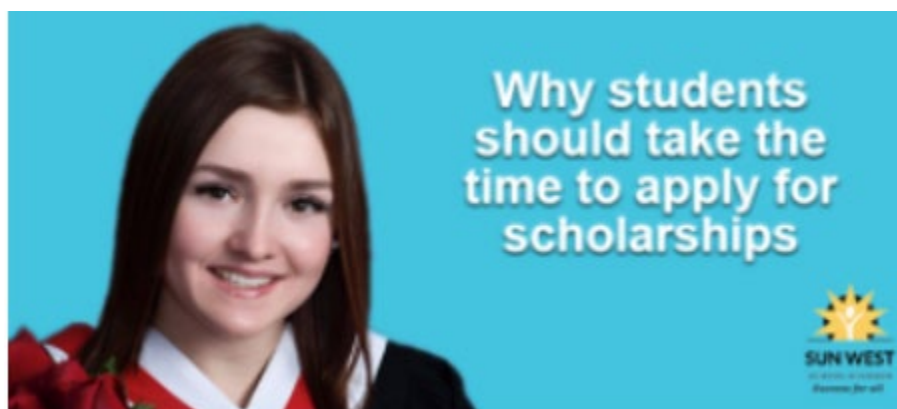

Local Scholarships: Grade 12's, please inquire with your Career Counsellor, Principal, Secretary, etc. about your school's local scholarship application process. As well, be sure to do some research regarding scholarships offered by local and area businesses. These are opportunities you do not want to miss!

[Relevance Magazine](#). The 2022 version of Relevance Magazine is available online, a section of which pertains to scholarship information.

[mycampusGPS](#) is a resource to assist with post-secondary planning and scholarships. Some resources are free, others require payment.

Funding Your Education: Scholarship Application Tips by Madison Hobbs, Recent Sun West Graduate

<https://www.youtube.com/watch?v=hmS9giDSlfg>

Thank you for sharing your scholarship application experiences with students, Madison. Much appreciated!

This is a great time for current Grade 11 students to consider setting up profiles on various Canadian Scholarship websites such as [Scholar Tree](#), [ScholarshipsCanada](#), [Student Awards](#), [Yconic](#), [Atila](#), etc. Read the details carefully and consider advantages of registering such as receiving regular emails about upcoming scholarships aligned with your profile.

[View a Scholarship Workshops or Webinars](#) such as this one by Jane Thompson, Executive Director of the TD Scholarships Community Leadership Program.

[Boost Your Chances of Securing a Grant, Bursary, or Scholarship](#)

[A New Financial Adventure: Managing Money in College or University](#)

Other Sources of Funding:

[Education Planning and Student Aid](#) from the Government of Canada provides useful tools for students and parents to access, regarding planning for an education, saving, budgeting, etc.

[Canada Student Grants and Loans](#) provides info on student grants and loans. Saskatchewan residents will want to look at the **Saskatchewan** section. Please contact studentservices@gov.sk.ca or call 1-800-597-8278 for more information. Most updated information will be available in June. Saskatchewan residents will want to focus on the Saskatchewan Section when planning to apply.

[Gabriel Dumont Institute Scholarships](#) has information on funding/scholarships for Metis students.
